EDUCATION

CHANDIGARH UNIVERSITY

Bachelor's in Computer Application
2023 - 2026

S.SEC +2 SCHOOL
Non-Medical
2021 - 2023

SKILLS

- C
- C++
- Python
- HTML , CSS , JAVASCRIPT
- GIT , GITHUB
- Data Structure Algorithm (DSA)
- Data Entry

LANGUAGES

- ENGLISH
- HINDI
- URDU

ABOUT ME

computer application student . I consider my self a responsible and orderly person. I am looking forward for my first work experience.

Project's

▶ Railway-Reservation-System

Developed a Railway Reservation System in C++ to manage train schedules, ticket bookings, and cancellations. Leveraged object-oriented programming to handle user interactions and ensure efficient data management using queues.

▶ Web-Calculator

Designed an interactive web calculator with HTML, CSS, and JavaScript, implementing real-time input validation and error handling. Enhanced the UI with responsive grid layout and gradient backgrounds for a modern, engaging user experience.

▶ Pizza Resturant

I built a responsive pizza restaurant landing page with interactive elements like dark mode and a dynamic menu. It adapts to various screen sizes using flexbox and grid layouts.

▶ Currency Converter

Created a real-time Currency Converter using JavaScript, HTML, CSS, and an API for live exchange rate updates.

▶ Music - Library

Developed a C++ playlist management program featuring song addition, deletion, sorting, and playback functionality. The program also supports file-based song import and maintains a history of recently played tracks.

▶ Weather App

Developed a weather forecast application using HTML, CSS, and JavaScript, integrating the OpenWeatherMap API for real-time weather data, enhancing functionality with city-based search and live weather icons.
